BIM is here

Why? You ask.

17%

Growth each year

75%

Countries Adopted BIM or are Planning to Implement

86%

Projects Reported Cost Saving by BIM Implementation.

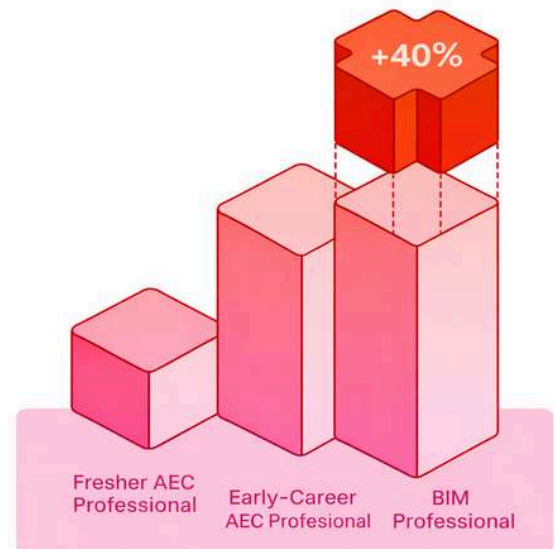

It's clear - Opportunities are on the rise.

Learning BIM is a great move for any professional in the AEC industry since BIM Professionals are in high demand across the globe. BIM can help you become an invaluable asset in a rapidly evolving industry.

Career Opportunities

51% of MEP and structural engineers currently use BIM on at least half of their projects. This is only going to grow further through the years.

Higher Pay

A BIM-skilled professional is paid 40% more on average, compared to other professionals with similar experience.

What makes this BIM Program Unique?

01. Real World Projects on ISO19650 Workflows

Master industry-relevant workflows based on the highly adopted **ISO 19650 workflows** with 100+ micro-projects and build your portfolio through **3+ capstone projects** in infrastructure, residential, and mixed-use developments.

02. BIM Starter Toolkit

BIM Starter Toolkit will have a comprehensive bundle of 5+ resources, including BEP templates, Revit model templates, View templates, Families, to help you confidently kick-start your projects.

03. Latest Tools and Workflows for 2X Efficiency

Learn smart workflows to streamline processes, enhance productivity, and ensure industry-ready expertise for **50% faster project delivery** with automation add-ins like DiRoots, PyRevit.

04. Access to Skillity UP

All Recoded videos tailored for freelancers and working professionals, providing personalized 1:1 guidance, portfolio and CV creation, LinkedIn optimization, and many more career enhancement tools.

05. Insights & Innovation Driven Curriculum

Skillity UP brings together extensive **research from diverse job roles** to design a comprehensive curriculum in collaboration with leading **global BIM industry** experts for the MEP & ACS program, delivered and guided by experienced industry professionals.

4 Month of Progress.

4 Assessments of Growth.

Latest Workflow Mastery

Master advanced design workflows with practical, real-world projects, ensuring you're prepared for industry challenges.

Learn **ISO 19650** standards for effective BIM information management.

5+ Software and Plugins

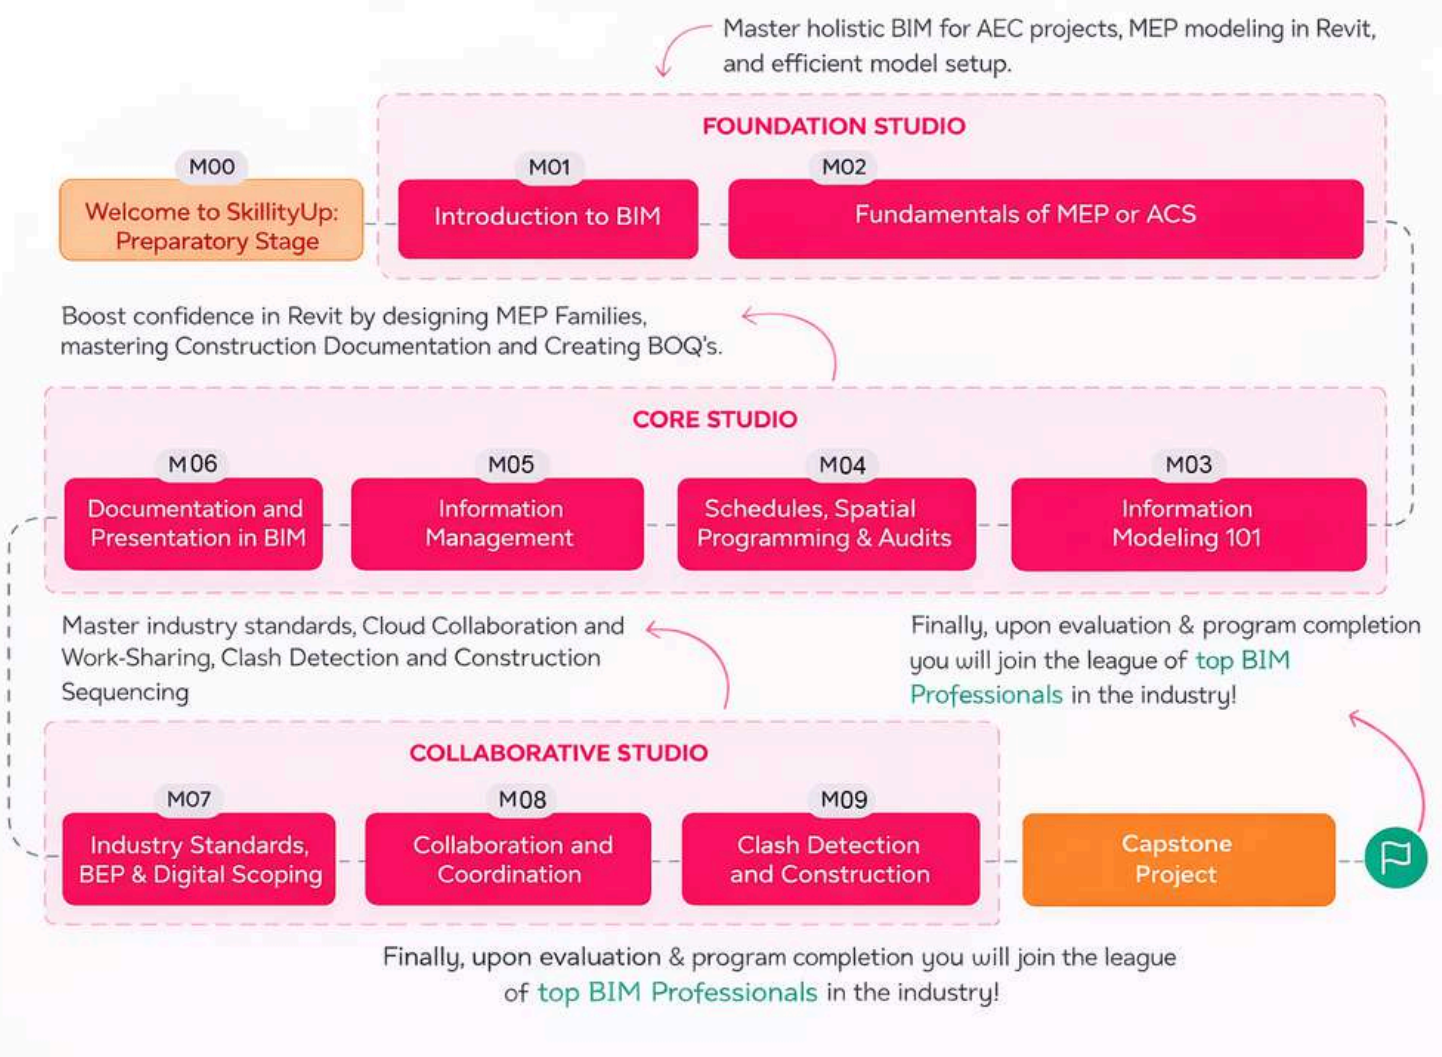

Gain hands-on experience with in-demand Building Information Modeling (BIM) tools used by global firms and experts.

Earn Industry-Recognized Certifications

Earn ISO-recognized certifications to enhance your professional credibility and validate your industry-relevant skills.

Demo of Certificate

Top Certificate:
Skillity Up
BIM Professional Course for MEP Engineers
Jay Kapadia
has successfully completed an extensive 6-month training program in BIM for Mechanical and Electrical with specialization in MEP from November 2024 to May 2025.
Issued on 10th May 2025
Accredited by: IAF, IAS, ISO 9001:2015, ISO/IEE 27001:2022

Middle Certificate:
Skillity Up
CERTIFICATE
This is to certify that
Mr., Ms. GOVIND GOPAN
Son/Daughter of GOPAN/PILLAI S under © CAN 22403333
has successfully completed the **BIM PROFESSIONAL COURSE – MEP** Course
with Grade-A from **SKILLITY UP PRIVATE LIMITEE**
Awarded by: Jay Kapadia, Director, Skillity Up Private Limited
ISO 9001:2015, ISO/IEE 27001:2022

Bottom Certificate:
CERTIFICATE OF COMPLETION
CONGRATULATIONS!
The learner has successfully completed the course and achieved the required level of proficiency. This certificate is awarded to the learner as a recognition of their achievement. The learner is encouraged to continue their learning and development in the field of BIM for Mechanical and Electrical with specialization in MEP. This certificate is valid for 10 years from the date of issuance. The learner is encouraged to use this certificate as a proof of their skills and knowledge in the field of BIM for Mechanical and Electrical with specialization in MEP.
Certificate ID: AP-766220015/22220333
Cardholder: Mr., Ms. Govind Gopan
Son/Daughter of Gopan/Pillai Sudhileer
Course: BIM Professional Course - MEP
Fees: 10000 INR
Course Fee: 10000 INR
10th May 2025
Authorized Training Center
Skillity Up ISO 9001:2015 + ISO/IEE 27001:2022
Accredited by: IAF, IAS, ISO 9001:2015, ISO/IEE 27001:2022
